  - Max. file size: 10 MB / File types allowed: JPG, PNG, PDF
  - Min. #: 0 / Max. #: 5
  - Min. file characteristics: 1500 pixels X 1500 pixels @ 72 dpi resolution
  - Color photographs preferred over Black & White

### **Tips for Winning Entries:**

- When writing your Design Concept Statement, Project Challenges, Project Design Solutions, and Photo Captions, take great care to include as many relevant details as possible to demonstrate the extensive thought process, knowledge base, and skill set used to formulate the design. Vague and/or scant explanations score lower. Pay attention to grammar, spelling, and typos, and take care to write professionally and in complete sentences.
- When uploading project and/or “Before” photos, take the time to caption each photo with detailed information about what the photo is showing – i.e. design details, identification of materials, challenges overcome, design solutions, etc.
